COMMUNITY MODIFICATIONS REVIEW COMMITTEE

The Community Modifications Review Committee (“MRC”) reviews all requests for modifications to homes and lots following the original lot improvements. The MRC encourages tasteful and aesthetically pleasing architectural design consistent with the existing structures and landscaping within the various Viera Districts. The MRC is concerned with the impact of any improvement to the surrounding neighbors and property.

To complete an application, the resident must submit:

1. A completed application form.
2. A detailed scale drawing, construction plans, or final survey as appropriate, of the improvement (i.e. room addition, screen enclosure, landscape redesign, etc.)
3. A thorough description of the changes proposed will facilitate the MRC in arriving at a decision, thereby expediting your application.

The review process may take up to a month, but every effort is made to accommodate the desire of homeowners to “get on with their project”.

Thank you for your application that can be dropped off or mailed to:
